DOINGS OF CONGRESS.

THE SENATE FINALLY DISPOSES OF THE SUGAR SCHEDULE.

The Amendments Adopted Were Those Proposed by the Democratic Caucus. State Bank Tax Repeal Bill Defeated In the House.

WASHINGTON, June 6.—The house concurred in the senate bill authorizing the construction of a bridge across the Monongahela river at Homestead; passed the bill extending the time of payment for purchase of lands of the Omaha Indians, and adopted a resolution authorizing the payment of $1000 from the contingent fund to defray the cost of the armor plate fraud investigation.

Mr. Turner of Georgia addressed the house in favor of the bill to repeal the tax on state bank circulation.

Brief speeches were made in opposition to the bill.

Mr. Dingley (Rep., Me.) closed the debate in opposition to the bill.

At the close of Mr. Dingley's remarks, and after a brief explanation by Mr. Springer, the vote on Mr. Cox's amendment was lost on a yea and nay vote—102 to 172.

The affirmative vote was entirely Democratic. The negative vote was cast by 88 Republicans, 75 Democrats and 9 Populists.

A viva voce vote on the bill was then taken and the bill was defeated.

At 2:45 o'clock, amid loud applause, the house went into committee of the whole to consider the Indian appropriation bill, and a filibuster was started as a result of Mr. Holman's request that the first reading of the bill be dispensed with, Mr. Ray of New York objecting.

A motion to adjourn was adopted—104 to 98—and at 3:20 the house adjourned.

WASHINGTON, June 7.—The house had the Indian appropriation bill under discussion. The main feature of the debate was an attack on the Catholic church, made by Mr. Linton of Michigan, in which he argued against the contract Indian schools, saying that under this system the largest share of the appropriation for educating the Indians went to the Catholic Indian schools.

The other point of interest was the debate on the location of the Indian supply warehouse, the New York delegation protesting against the abandonment of the warehouse at New York for one at Chicago.

A resolution was adopted before adjournment calling on the secretary of the treasury for information as to the enforcement of the immigration and contract labor laws, and another authorizing the committee on immigration to visit Ellis island for the purpose of studying the operation of the laws.

WASHINGTON, June 8.—The day's proceedings in the house were enlivened by [illegible] of the poor ventilation of the house, and of the incapacity of the architect of the Capitol; and by Mr. Weadock (Dem., Mich.) in reply to the attack of Mr. Linton on the Catholic church.

The business transacted in the morning hour was the passage of a bill for the registry or enrollment of the bark Skudeneze, and of a bill to define the present units of electrical measurements.

Conference committee report the Pennsylvania and New Jersey railway bridge bill was passed and a resolution authorizing the Maryland state courts to occupy for five years the old United States courthouse in Baltimore was agreed to.

The question of continuing the Indian warehouse at New york was discussed by Mr. Aldrich of Illinois and Mr. Bartlett of New York, and Mr. Brosius of Pennsylvania protested against the reduction of the appropriation for Indian schools.

At 4:50 the house took a recess until 8 o'clock, the evening session to be devoted to pension bills.

The Senate.

WASHINGTON, June 5.—The house New York and New Jersey bridge bill passed the senate with the amendments, which will probably be accepted by the house.

After other routine business the tariff bill was laid before the senate and the sugar schedule again taken up.

Senator Higgins (Rep., Del.) opened the debate with a general assault on the sugar schedule and an argument in favor of continuing the bounty provision of the McKinley law.

The voting began promptly at 1 o'clock. The first vote was on the Jones amendment, fixing the date when the sugar schedule should go into effect and the sugar bounty be determined, on Jan. 1, 1895. The vote resulted: Yeas, 40; nays, 31. The amendment was adopted. Senator Hill did not vote and Senator Peffer voted with the Republicans. Senators Allen and Kyle voted with the Democrats. Senators Brice and Vilas withdrew their votes, being paired with Senators Wolcott and Mitchell of Oregon.

The next vote was upon the amendment offered by Senator Manderson (Rep., Neb.) providing for the retention of the bounty provision of the McKinley law, which was defeated: Yeas, 32; nays, 40. Senator Hill voted no, as did also Allen and Kyle. Peffer voted with the Republicans.

Manderson next proposed an amendment decreasing the bounty one-tenth of one cent each year until the time fixed in the McKinley law for the total expiration. This was also defeated. Yeas, 34; nays, 37. Allen and Kyle who had been voting with the Democrats voted with the Republicans on this amendment. Hill did not vote.

Manderson then offered an amendment applying the bounty to beet and sorgham sugar only. This was defeated. Yeas, 31; nays, 39. Allen and Kyle voted no.

Manderson offered an amendment confining the bounty to sorghum and beet sugar, and after 1895 reducing it to 1 cent per pound. This was also defeated. Yeas, 34; nays, 37. Allen and Kyle voted yea.

Allen offered an amendment to add at the end of the paragraph a proviso that the bounty shall be eight-tenths of 1 cent for sugar produced in the United States in 1894. This was also defeated: Yeas, 32; nays, 40.

Mr. Peffer offered an amendment to place all sugars on the free list. This was lost by a vote of 26 to 37.

Mr. Allison's amendment to make the schedule go into effect immediately on the passage of the bill was defeated by 30 to 33.

Mr. Manderson proposed an amendment to cut the duty down one-half and the bounty one-half. Lost on a rising vote, 23 to 31.

The question then was on the Jones amendment, the schedule agreed on by the Democratic side, the Jones compromise amendment, fixing the sugar duties, and it was carried, 39 to 23.

The Jones amendments, increasing the duty on sugar candy from 30 to 35 per cent., and making the duty on saccharine 25 per cent., were agreed to.

This completed the sugar schedule, and on motion of Mr. Harris the senate went into executive session and shortly after adjourned.

The amendments adopted were those proposed by the Democratic caucus.

WASHINGTON, June 6.—Before entering upon the discussion of the tariff the senate passed seven bills, one of them being a house bill and the others senate bills. The house bill grants certain lands known as the Dearborn arsenal to the village of Dearborn, Mich., for public purposes.

When the senate took up for consideration the tariff bill Mr. Jones asked leave to withdraw the compromise amendment of the tobacco schedule, which made the rate on leaf wrapper and unstemmed $1.50 and $2.25 respectively, and restore the house amendment, in which the rates are $1 and $1.25 respectively.

The move was a surprise to senators on both sides, as by agreement the compromise paragraph was adopted pro formia, with the understanding that the subject shall be considered later.

The other Jones amendments to the tobacco schedule were adopted.

The next schedule was of agricultural products and provisions, on which but little progress was made up to the hour of 7 p. m., when the senate adjourned.

WASHINGTON, June 7.—The leaders on both sides of the senate chamber have been conferring with a view to reaching some agreement so that progress will be made with the tariff. For several hours Senators Aldrich and Allison have been conferring with Senators Harris and Cockrell and each side held consultations with party friends.

Mr. Harris proposed the new agreement [illegible] objection.

Mr. Hoar brought up the claim of $15,000,000 against the Stanford estate. It caused some talk, but no action was taken.

The tariff bill was then taken up.

Mr. Carey completed his speech on the bill at 2 o'clock, Messrs. Allison, Sherman, McLaurin, Manderson, Vest, Allen and Teller participated.

The Nebraska senator became involved in a discussion with Mr. Teller on the cause of the low price of wheat.

The discussion was continued until 5:30, when a vote was had on the finance committee amendment, fixing the rate on oatmeal at 15 per cent., and excluding it from the reciprocity provisions of the paragraph.

It was adopted, and Mr. Allison then moved to strike out the reciprocity provision of the paragraph.

It was defeated by a strict party vote, 24 to 32.

Then, at 6 o'clock, with a sarcastic allusion to the rapid progress made, Mr. Harris moved that the senate go into executive session.

WASHINGTON, June 8.—In the senate Mr. Hoar's resolution to set at rest the claim of the United States against the estate of the late Leland Stanford came over from yesterday and was laid before the senate at the opening of the session today. Mr. Teller suggested the resolution be modified so as to confine the inquiry to be made simply to the advisability of releasing the Stanford estate without in any way touching the validity of the claim in order not to affect other claims which the government might have. Mr. Hoar agreed to modify his resolution in accordance with this suggestion. After some further discussion Mr. Allen (Pop., Neb.) moved to lay the resolution on the table. The motion was carried—24 to 19.

The tariff bill was then laid before the senate and Mr. Cullom (Rep., Ills.) took the floor and delivered a speech on the general historical phases of the tariff question.

NOTED OUTLAW DEAD

BILL DALTON KILLED BY DEPUTY MARSHAL HART.

He Disobeyed the Order to Surrender and Attempted to Pull His Pistol. One of His Associates Escaped—His Identity Complete.

ARDMORE, I. T., June 9.—Bill Dalton is dead. He died as he always swore he would with his boots on and a 6-shooter in his hands. The encounter occurred three miles southwest of Elk, I. T., yesterday morning.

About four weeks ago word was brought to the marshals that a band of desperadoes had come into the country near Elk and were making their headquarters with a man named Houston Wallace.

When the Longview bank robbery occurred it was learned that the horses ridden by the men were stolen near Elk; also the last heard of their trail on their return from the raid was that they were going in the direction of this place.

Thursday morning Houston Wallace came to town accompanied by two women. He had an unusual amount of money and bought a wagonload of provisions suitable for traveling, with a complete camp outfit. He visited the hardware stores and laid in an enormous quantity of ammunition.

Deputy Marshal T. Lindsey was suspicious that something was wrong, as Wallace is a man of small means. After loading his wagon Wallace had a large box put on from the express office.

Deputy Lindsey resolved to search the outfit and he did so, finding three gallons of whisky. The large amount of ammunition and the various purchases further aroused his suspicion and he resolved to go to Wallace's home, thinking the bank robbers were there.

The man and the two women were held under arrest by Commissioner Gibbons on the whisky charge, while Deputy Lindsey secured a posse to raid Wallace's place [illegible] riding by a circuitous route and reaching Wallace's place about daylight. The house was quickly surrounded, but a woman had seen the deputies and gave the alarm.

Dalton rushed to a rear window and leaped out, but was ordered to halt by Deputy Hart, who commanded him to stop three times. Dalton refused and pulled his pistol, when Hart fired, striking Dalton in the left side. Dalton fell and expired in a few moments.

Another one of the band was seen at a window, but during the fight with Dalton he escaped into a thicket near the house, where pursuit was useless.

There is not the possibility of a doubt as to the identity of Dalton, as letters were found in his trunk.

Mrs. Dalton seems very much affected over the death of her husband, but says she always expected him to meet his death as he did.

Dalton was married in California. He leaves a widow with two small girls, one of whom is a cripple.

The officers reached town with the body of Dalton about 6 o'clock yesterday evening. The streets leading to the undertaker's are thronged with an eager crowd trying to get a glimpse of the most noted outlaw in this country since the time of the James boys.

The body will be embalmed to await officials from Longview, who have been wired to come.

A sum of money was found in Dalton's trunk, along with a coin sack, such as is usually used by banks.

The officers refused to talk until two others are captured. They are well known. The marshals expect to effect their capture.

Jennie Dalton, his wife, has telegraphed friends in San Francisco of his death and has requested them to arrange for his burial.

ARDMORE, I. T., June 10.—Crowds of people have poured into this city since the killing of the noted outlaw Bill Dalton, and a brisk country trade remains. It is beyond all doubt the desperado who has been the most famous bandit leader since the career of the James and Younger boys.

The officers and citizens who came here from Longview declared he was the leader in the Longview robbery and was the man who presented the letter of introduction to the cashier.

Mrs. Dalton, wife of Bill Dalton, the notorious outlaw, has admitted that her late husband was the leader of the Longview bank robbers.

Jim Wallace, who was shot and killed at Longview, is a brother of Houston Wallace, where Dalton was stopping when killed.

Charles Benjamin Dalton, the eldest of the Dalton boys, arrived here and identified the remains as those of his brother Bill.

It is known that a snug sum of money was captured at the rendezvous where Bill Dalton was killed. The amount, however, cannot be learned, as the officers are very reticent in the matter, and, while they do not deny the prize being secured, will give out no information concerning it. The $275 found concealed on the person of the dead bandit will be turned over to his wife, it rightfully belonging to her and no one laying claim to it.

Damage Placed at $5,000,000.

TACOMA, June 9.—Railroad men and others place the flood damage throughout the northwest at $5,000,000.

THE MINERS' STRIKE.

NO AGREEMENT REACHED BETWEEN STRIKERS AND OWNERS.

Two Mines Near Berlin, Pa., Completely Wrecked and the Operators Apply to the Sheriff For Protection. Coal Train Captured.

CENTRAL CITY, Ky., June 12.—A large crowd of miners are here to meet the operators in joint caucus Saturday. The greatest interest is manifested in the outcome of the meeting. It is believed the great coal strike will be ended at once, so far as Kentucky miners are concerned. The talk before the meeting indicates the miners were willing to compromise if they can secure a yearly settlement on last year's prices and some small concessions. G. W. Purcell of Columbus, O., is here to represent the union and miners.

Joint Meeting to Be Held.

COLUMBUS, O., June 12.—The committees of coal operators who are here to confer with the committees representing the miners went into executive session at 9 o'clock. A joint meeting is to be held in Lyndon hall.

The Meeting Postponed.

POMEROY, O., June 12.—The district meeting of miners and operators is postponed till this afternoon. The outlook for an immediate settlement is not so good. The operators talk of withdrawing the offer to pay the price demanded.

A Successful Attempt.

ALBUQUERQUE, N. M., June 12.—The committee of coal miners who have been agitating through this district have been unsuccessful. Not a miner has quit in the Crescent mines and only a few from the Caledonia company's mines have stopped work.

A Settlement Predicted.

MERCER, Pa., June 12.—A conference of coal operators and minors in this section will be held here this afternoon. Miners delegates are present from Butler, Newcastle, Wampaum, Jackson, Center, Hall Shaft, and Sandy Lake.

A number of operators are present. Conciliatory feeling prevails and hopes are entertained of amicable settlement.

Mines Destroyed With Dynamite.

SOMERSET, Pa., June 12.—Friday night Tipple Brubaker and the Coleman mines, near Berlin, Pa., were completely destroyed by dynamite. Mine owners in this vicinity have become alarmed and have asked the sheriff for protection.

Coal Train Captured.

COLUMBUS, O., June 12.—A report received here says the miners at Salineville, on the Cleveland and Pittsburg division of the Pennsylvania railroad, captured a coal train and wrecked a freight.

Attempt to Blow Up a Bridge.

CLEVELAND, June 12.—A telegram just received at the headquarters of the Cleveland, Loraine and Wheeling railroad in Cleveland from General Manager Woodford, Bridgeport, O., says the strikers tried to blow up a bridge early this morning. Three cans of gunpowder were placed under the structure, but the watchman discovered and removed them in time to prevent an explosion. Two doubleheaded coal trains were started north from Bridgeport under the protection of troops and have arrived safely at Wheeling Creek.

Troops Down the Deputies.

DENVER, June 12.—Sheriff Bowers' armed deputies were turned back by the militia when advancing on Bull hill. He has telegraphed Governor Waite asking him to withdraw the troops if they were not to aid the sheriff. The governor replied: "If the deputies resist orders to General Brooks to suppress the insurrection they resist lawful power of the state." Sheriff Bowers has concluded to accept the situation and there will be no wholesale arrests.

Preparing to Resume Work.

OTTUMWA, Ia., June 12.—The White Breast Coal company propose today to resume work at Keb mines and trouble is anticipated. Thirty colored miners have signified their willingness to return to work if protected and this has been promised by the sheriff. If this move is successful it will break the backbone of the strike in Iowa.

End of the Anderson Trial.

DALLAS, June 9.—The jury in the the murder of Henry Kirk about 14 years ago, returned a verdict of murder in the second degree and assessed Anderson's punishment at five years in the penitentiary.

Great Gold Strike In Wyoming.

SANDER, June 12.—The richest gold strike that has been made for many years is that at Harry Burk in Dutch Tom Gulch. Some of the dirt was as high as $37 per pan. There is great excitement over the find.

Stole the Postoffice Safe.

MCLEANSBORO, Ills., June 12.—Burglars entered the postoffice at Dale, six miles south of here, took the safe out and to a blacksmith shop, where they blew the door off. They got $100 in money and $20 worth of postage stamps.

Voluntarily Returned.

DENVER, June 12.—William R. Perry, ex-clerk of the county court, who defaulted for $8000 has voluntarily returned after a year.

GOVERNMENT CROP BULLETIN.

Condition of Grain In the United States on the First Day of June.

WASHINGTON, June 12.—The report of June 1 consolidated from the returns of the correspondents of the agricultural bureau makes the acreage of winter wheat sown, compared with that which was harvested last year, 99 per cent, being a decrease of 1 point. This is an increase of acreage as compared with 1893 in but 10 states, the principal part of which was made in the states of Kansas and Illinois. The percentage of spring wheat area for the whole country is 87.8 per cent., being a reduction from last year's average of 12.2 points. The average percentage of acreage for both spring and winter wheat for the whole country is 95.3, making a total area in round numbers of 33,000,000 acres.

The preliminary reports place the acreage of oats at nearly one point less than last year. The general average for the whole country is 99.1. The returns show the condition to be 78 against 88.9 last June.

The preliminary returns of acreage makes the breadth devoted to barely 96.5 per cent. of that of last year. The average condition June 1 was 89.2 against 88.3 on the same date last year and 92.1 in 1893.

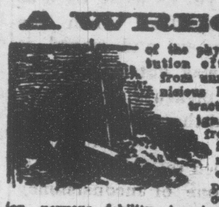
The acreage in rye is 95.3 per cent. of that of last year; average condition June 1, 93.2.

A very decided decrease in the average of rice is shown by June returns. The breadth seeded in 1894 is but 76.4 per cent. of last year's acreage; the average condition is 97.1

The peach crop, commercially considered, is practically a failure.

The condition of apples is rather better than that of peaches. Conditions are high in northern districts, but relate principally to blooms. No fruit is expected in the Piedmont and Ohio valley districts, and but little in the Missouri belt. Prospects are brighter in the mountain and Pacific coast districts.

A WRECK



of the physical constitution often comes from unnatural, pernicious habits, contracted through ignorance or from excesses. Such habits result in loss of manly power, nervous exhaustion, nervous debility, impaired memory, low spirits, irritable temper, and a thousand and one derangements of mind and body. Epilepsy, paralysis, softening of the brain and even dread insanity sometimes result from such reckless self-abuse.

To reach, reclaim and restore such unfortunates to health and happiness, is the aim of the publishers of a book written in plain but chaste language, on the nature, symptoms and curability, by home treatment, of such diseases. This book will be sent sealed, in plain envelope, on receipt of ten cents in stamps to pay postage.

Address, World's Dispensary Medical Association, 663 Main St., Buffalo, N. Y.

A RETIRED BUSINESS WOMAN.

A Page From Her History.

The important experiences of others are interesting. The following is no exception: "I had been troubled with heart disease 25 years, much of that time very seriously. For five years I was treated by one physician continuously. I was in business, but obliged to retire on account of my health. A physician told my friends that I could not live a month. My feet and limbs were badly swollen, and I was indeed in a serious condition when a gentleman directed my attention to Dr. Miles' New Heart Cure, and said that his sister, who had been afflicted with heart disease, had been cured by the remedy, and was again a strong, healthy woman. I purchased a bottle of the Heart Cure, and in less than an hour after taking the first dose I could feel a decided improvement in the circulation of my blood. When I had taken three doses I could move my ankles, something I had not done for months, and my limbs had been swollen so long that they seemed almost putrified. Before I had taken one bottle of the New Heart Cure the swelling had all gone down, and I was so much better that I did my own work. On my recommendation six others are Dr. Miles' New Heart Cure, a discovery of an eminent specialist in heart disease, is sold by all druggists on a positive guarantee, or sent by the Dr. Miles Medical Co., Elkhart, Ind., on receipt of price, $1 per bottle, six bottles for $5, express prepaid. It is positively free from all opiates or dangerous drugs.

Sold by all druggists.

LET us have ballots in the place of bullets.

ALTGELD is the democratic anarchistic governor of Illinois.

REVOLUTION is in the air. "just let her revolute."

LET the boards of trade have possession of the grass.

"CONFIDENCE" is still on a strike. Call out the deputies.

THE democratic platform is sadly in need of heart of oak planks.

WHEN the "business" men of Wall street meet they generally get what they want.

WONDER if Gov. Hogg does not sigh for the sugar bounty due the state.

WHICH do you want: The Wilson bill as it was, as it is, or, as it is going to be?

THE "southern interpretation" is the latest in reference to the democratic platform.

U. M. BROWDER, of Gainesville, spoke to a large audience in Sherman last Saturday.

UNITED STATES senators never get too dignified to speculate at the people's expense.

IF you are not permitted to walk on the grass why just keep in the middle of the road.

TAKE from the old parties their corrupting campaign funds and you will see the "brutal majorities" diminish out of sight.

THERE is a deficit of $500,000 in the Texas state treasury. Where is your retrenchment and reform? It is a fact that the present administration has been the most extravagant one within the history of the state since the war.

A BAND of robbers tread the grass and walk the gilded halls of Washington unmolested, while labor languishes behind prison bars.

WHEN one single trust can donate one half million dollars to a campaign fund, you can count on the people being "held up" to foot the bill.

WE are told that broken down office seekers compose the populist party. We must admit however, that a horde of long winded fellows are yet with the old parties. Many of them of from forty to fifty years running record.

DENISON is preparing for a grand fourth of July celebration. A select programme for the entertainment of all who attend has been prepared. The eagle will surely scream in our sister city on the fourth.

DURING the campaign of 1892 the democratic campaign committee sent out a book among east, containing the following clause:

"All we have to do is to treat the land as joint property of the whole people, just as a railway is treated as the joint property of many shareholders, or as a ship is treated as the joint property of several owners."

Possibly this is what induced Henry George to vote for Grover Cleveland.

N. W. CUNY says that he favors Reagan for governor, as a matter of policy. That Reagan's nomination means the breaking up of democratic harmony, and that the lower element of the nogroes will support Reagan.

MR. CULBERSON advised democrats not to go off with republicans because that was the party which sent men down south to shoot confederate soldiers and harrassed democrats in reconstruction days. He also advised them not to go off with the pops because of the hard things Weaver had said about the south during war times. Through an "over sight" Mr. Culberson failed to say anything about Cleveland's substitute. Also, he failed to say anything about Hancock, other notable Union personages whom the democratic party delighted to honor. Possibly Mr Culberson believes that "consistency is the virtue of fools."

HON. JOHN H. REAGAN.

BEFORE TAKING.

"In Mr. Cleveland's first term as president he repudiated the policy of the democratic party as to the coinage of silver and on financial questions and adopted the policy and practices of the republican party, and thus did more than any republican president could have done to degrade silver, because by adopting he added the weight of a democratic administration to that of republican administration."

AFTER TAKING.

"I have never said one word in opposititon to or in denunciation of Mr. Cleveland's administration."

CULBERSON'S SPEECH.

Hon. C. A. Culberson spoke to a good sized audience in the district court room last Tuesday.

He excused the state deficit of $500,000 by saying that the hard times kept down the assessed valuation of property, but conceded that state official extravagance was rampant to the tune of $450,000 for sheriff's fees and clerk costs, also $20,000 in the legislative departments in furnishing dialy papers to legislators to be sent to constituents. He also referred to judicial extravagance, and to the geological department all of which he would reform when he is elected governor.

He favored free coinage of silver at the ratio of 16 to 1 and praised Cleveland to the apex of glory.

He scored the populists for abusing Cleveland, when in fact the members of his own party are doing the cussing act.

He made light of government ownership of railroads by saying that it would bankrupt the government. He, however, said that the railroads had procured from the state of Texas alone within 22 years 38,880,000 acres of land, 22 per cent of the land of the state of Texas, valued at over $100,000,000! Besides this the grants of municipalities and individuals were enormous.

He was in favor of peace and harmony; yet he went back to the records, drew forth the bloody garment and waved it aloft—he was not in the war but took pleasure in gritting his teeth at the miserable Yan kees.

He dubbed the populist platform as one of inconsistency and yet supported the Chicago and Houston democratic platforms which were built for no other purpose than to catch votes, a condensation of hypocracy—advocating everything and meaning nothing—having a "southern interpretation" here, and a different one in any other part of the country.

He said that he always knew [illegible] free coinage and yet he supported him for president and then had the audacity to say to the republicans and populists that intelligence is confined to the democratic party.

He charged populists of being bourbon democrats in the past, which of course was a severe charge.

Charlie Culberson is a slick fellow and we presume that he will never be void of cheek gall and impudence.

I Believe in Hood's

Inherited Scrofula Cured

Read the Statement of a Popular Teacher

Mr. Geo. A. Zirkle
Mt. Horeb, Tenn.

The statements in the testimonial below are familiar facts to the immediate friends of Mr. Geo. A. Zirkle, school teacher, of Mt. Horeb, Tenn., very well known throughout the county, where he was born and has always lived. Read it. "C. I. Hood & Co., Lowell, Mass.:

"Dear Sirs)—I believe in Hood's Sarsaparilla. I will tell you why. I have suffered from inherited scrofula from child hood. When 37 years of age, my eyes became strangely affected. I could not read after sunset, and when I would close my eyes, I could not open them; but on whichever side I lay, on that side I could open my eye. This condition continued about two years, and was succeeded by

An Intolerable Itching

all over my body and limbs. I had to have my little boys take shoe brushes and scratch me. It was dreadful. It continued a month and was followed immediately by a tumor in the right side of my neck, as large as a small egg. I at once commenced taking physicians' prescriptions and continued till I lost hope. In the mean time the tumor changed its place to the immediate front of my neck, suppurated and was followed by others, till six had formed and broken

"Finally, three years ago, another large tumor seated itself on the point of my collar bone and in six months another half way back on the bone. Both of them soon began to discharge and continued to do so till about seven months ago. I tried everything, including prescriptions. I was often so weak that

I Could Scarcely Walk

and my mind was so confused that I could scarcely attend to my business (school teaching). I was utterly discouraged. And now my story draws to a close. I began the use of

Hood's Sarsaparilla Cures

Hood's Sarsaparilla a little less than a year ago, and took five bottles. When I began I had no faith in it. In less than three months both the sores on my shoulder were healed; I was cured of a troublesome catarrh; and scrofulous habit has steadily grown less apparent. I weigh more than I ever did in my life, and am

considering my constitution. Do you wonder that I believe in Hood's Sarsaparilla? I can do no less than recommend it everywhere and every way." GEO. A. ZIRKLE, Mt. Horeb, Tenn.

UNION PARTY.

"In the multiplicity of council there is safety."—Bible.

In the division of council together with party obstinacy, there is danger. There is certainly a medium, if considered, that would bring about confidence, prosperity and independence. Two great political demands have been urged by the two great political parties of our country for a number of years, and equally opposed by each respectively.

The republicans have urged the necessity of protective tariffs for the upholding of American industries and maintainance of fair wages. The democratic party has opposed the policy.

The democrats have urged the free coinage of gold and silver without discrimination. The republican party has opposed this policy.

The democrats do not all oppose the protection of our in[illegible] republicans do not all oppose the free coinage of gold and silver.

Since these are the leading and greatest political questions seperating, agitating and destroying all harmony in the councils of our nation, THERE EXISTS A NECESSITTY for a union party whose platform shall include, foster and encourage all the industries of our country, and the free coinage of all our gold and silver as a circulating medium, also the issuance of legal tender government notes to pay the running expenses of the government until such issuance becomes unnecessary, to the end that we may have as high a price for the labor and products of our country as home competition and production will permit, with a circulating medium of our own and no national bonded indebtedness upon which to pay interest to foreign countries or to the already over wealthy citizens of our own. Money to pay for internal improvements to the extent of the public good or the surplus labor at command.

Free trade for all articles that cannot be raised or manufactured at home.

Upon these principles union stored.

We believe a great majority of all our people would join if there could but be a move in that direction, managed with half the energy that is now being used in babelizing, destroying and selling out our dear bought liberties to the god of avarice, and the land of our birth to foreign nations and their resident managers in this conntry: UNION.

THE CLUB MEETING.

In the Resoluting Business. Is Cleveland Honest?

Monday night the reporter of THE DEMOCRAT, which, by the way, is classed as one of the best papers in all North Texas, attended a political club meeting which was organized one week ago, under a charter from the Hogg-Reagan administration, and which, for convenience, is called "The Democrat ic club of McKinney."

Shakespeare, or some other gentleman of the mystic past, said that there is nothing in a name, and we must confess that after attending this enthusiastic meeting that there is a semblance of truth in the statement.

The club met. S. H. Fox presided. Bob McLarry, secretary, read report of last meeting which was adopted without division. G. R. Smith, of committee on resolutions, read report which resolved:

1. That we congratulate "harmony" in Texas.

2. That we reassert our faith in "principles" of democracy—the national and state platforms, especially do we believe that 16 to 1 will preserve a parity.

3. That we approve the repeal of the odious federal election laws and disapprove the non repeal of the state bank tax:

4. We indorse Bailey.

5. That we indorse Coke (not Mills).

6. That we indorse Hogg.

7. That we indorse the "commish."

8. That we indorse Yoakum, Greer and Gough, and the latter for speaker of the 24th legislature,

9. That we indorse the county administration,

Owing to lack of space, as will be noticed, we have condensed the committee's report on reolutions, only giving the gist of the same.

W. M. Abernathy objected to the resolutions as a whole, for the reason that he considered the resolution a straddle on silver and wanted a more explicit clause on that subject. He saw no use of [illegible] of gold reserve. He wanted all money a legal tender.

He did not indorse all of Hogg's administrative acts, especially his action in the Paris mob case and the extravagance of the state department which has produced a deficit of a half million dollars to date. He had voted for Hogg but did not like the bitter pill.

It was apparent that Mr. Abernathy was getting a little too troublesome so the club proceeded to sit down upon him in a vigorous manner and consequently adopted the report of the resolution committee without amendment.

At this juncture W. T. Beverly fired a resolution before the club, the purport of which was about as follows: That the club, though it differs from the president on some points of public policy, recognize him as an honest, conscientious executive who has the welfare of his country at heart.

Messrs W. T. Beverly and W. M. Abernathy spoke in favor of the resolution. G. R. Smith, H. A. Finch, J. P. Webster and Gabe Lucas spoke against it. The resolution was tabled, presumably to be brought up at the harmony meeting at Dallas in August [illegible] ter" can be had.

NOTES.

Thanks, a populist club would likely have tabled Beverly's resolution.

***

Hon. J. R. Gough offered a a substitute to W, M. Abernathy's substitute for the silver clause. Mr. Gough's substitute read as follows:

"We believe in the free and unlimited coinage of silver and gold at the ratio of 16 to 1."

This sounds like the populist clause on bi-metalism.

"The amendment to the amendment" went down in the general wreck.

***

Some of the club's members affect to be ashamed of the populists, but why so, we cannot see.

***

Some Cleveland democrat was heard to cruelly name the club a "fourth party" organization.

***

We forgot to mention heretofore that the club indorsed the Wilson bill "as it was."

***

If our readers happen to discover a vein of sarcasm in this port we want it understood that it is all meant in good humor. We admire the brethern of this club and if they will just quit poking fun at us pops, drop some of their "wild schemes," except those they got from the populist platform, we will give them the right hand of fellowship, will help them to fight Cleveland and his cohorts of Wall street and thus gain a victory in behalf of the toiling masses who are paying tribute to a gang of cormorants "who toil not," honestly.

***

Gabe Lucas made a strong speech in opposition to the Cleveland resolution in which he said that, as an honest man, he could not endorse the resolution,—that Cleveland had ignored some of the best men in the south. Gabe is a sincere, candid gentleman, who always speaks his sentiments.

Remember A. T. Wilson & Co.

Lucas Notes.

Lucas, Texas, June 12, 1894.

The people have their crops in good order. Wheat is about all harvested and oats will soon be ready to cut.

Your correspondent took in the Methodist district conference at Wylie last week and heard some fine speeches and sermons. We heard an able lecture Friday at 11 o'clock on Christian education. Saturday at 11 o'clock Rev. Vaughn of Waco spoke in the interest of the orphanage located at Waco Texas. He held the audience spell bound for over an hour. Now they would be laughing, now crying. He related some incidents so full of love and sympathy that tears came trinkling down the cheeks of some of those old gray headed methodists like rain drops from a summer cloud; and from some who were not so gray nor Methodists either. After the sermon he sent the hat around and received a liberal contribution in cash and pledges for the home.

While in the town and enjoying the meeting, your correspondent did not get so full of religion as to forget to call on and have a talk with our old time friend and brother, H. H. Caloway, who is very low, being confined to his bed all the time. Though feeble in body he still talks earnestly of the distressed condition of this country. While he thinks there might be some changes made in the populist platform, yet like every other true patriot he can see no hope of relief from the two parties that have united in the work of robbing the people of their earnings. He stated that about fifteen years ago he was about the only prohibitionist in that section of the country, but now Wylie is a prohibition town. You see he was about fifteen years in advance of his neighbors on that important question. So it is with the populists to-day. They are from five to fifty years ahead of those who think they can get any sound legislation from the democrat or republican party. This is rather strong talk but any man who does his own [illegible] who let other people think for them need not expect a populist to talk to suit them.

Yours till the victory is gained.

Well, editor, you should have been with us at our last club meeting and have seen our little Squire Miller fix up THE DEMOCRAT for an illustration. Just ask Lawyer Clifton how our little Bantie Thompson, done him (Clifton) up and if he won't tell, just ask Billie Carver, for he did surely do him up in good style and when least expected; and after all was over, Dudley Fowler who came over to announce for justice of the peace, seeing a free thing said he would like to have a finger in the pie. But lo and behold the pie was very hot and he would gladly have taken his finger out but he could not, but finally our generous hearted little squire, seeing his dilema, ceased plying questions and gave him a chance to slip out, of which he (Fowler) readily accepted.

ANON.

Calamity City Items.

Calamity City, Tex. June 11. 1894.
Editor Democrat:

Our little city is all peace and quietude. The hum of the reaper can be heard in the neighboring vicinity and farmers are very busy.

Mr. Will Vernon and Miss Dora Gray were married Sunday eve at 2 o'clock. The writer wishes them a long life and a pleasant sail over matrimony's sea.

Rev. J. F. Seagrans occupied the pulpit at this place last Saturday night and Sunday morning, and we must confess that the time was profitably spent. The sermon Saturday night was grand, while that of Sunday was beyond description. After the turmoil and strife of the previous week, such simple gospel sermons of Christ's loving kindness and tender mercy toward man, was like pouring the healing balm on the wounded soul.

Last Friday eve a stranger by the name of Jones was buried at the Van Winkle graveyard. His people are all in Tennesse except one brother who was with him when he died.

A heavy rain and wind storm passed over our country the first of last week. There was no serious damage done. A heavy hail accompanied it in some localities.

HAZEL EYES.

Elocutionary Entertainment.

Last Tuesday night the elocutionary class of the McKinney Collegiate Institute gave an entertainment. The Chapel Hall was filled to overflawing with a most appreciative audience. The recitations were of the best selections and difficult of rendition. Each member of the class, though amateur, displayed wonderful ability and exhibited a stride of progress in the art that elicited much surprise from the citizenship of McKinney.

Prof. P. B. H. Shearer, the art master of this class, deserves congratulation for his untiring work in behalf of this branch of education in our community.

After the exercises closed, Classmate T. C. Andrews, in a most complimentary and feeling manner, presented Prof. Shearer with a gold headed cane on gehalf of the class, whose esteem and devotion he had won. The recipient of the gift, in well chosen words, expressed heart-felt gratitude, wishing for the donors, a future bright as the metal which graced the precious memento of esteem and devotion.

The recitation class was composed as follows:

Preston Griffin,	Lula Wofford,
Leslie Pearson,	Cassie Nenny,
Sam Moulden,	Mattie Horn,
[illegible] M. Hinsley;	Dessie Nelson,
T. C. Andrews;	Mamie Dowell.

Prof. Shearer will organize a class in elocution and oratory June 18.

The republican state executive committee met in Fort Worth this week. There was an attempt made to harmonize with the Lilly White element which resulted in failure. The Cuney wing of the party holds the reins.

A Chance for Everybody.

On June 22nd you can buy tickets from all stations in Texas, via the "Katy," at one half the regular one way rate, plus $1.00 to Kansas City, St. Louis, Hannibal and Junction City. Apply to any ticket agent for further information.

Will speak at Farmersville Tex., on the 16th of June at 10 a. m., and will divide time with any representative man of the democracy.

The "Katy" is for Texas Now and Always.

At a recent meeting of the Western Passenger association lines it was requested, by the M. K. & T., that the series of Home Seekers Excursions be continued during June. The request was met by violent opposition by other lines, but the "Katy" having the interest of Texas at heart persisted, and have publicly announced that on June 12th they will sell from all Northern gateways, such as St. Louis, Kansas City, Hannibal and Junction City, tickets to all points in Texas at one half the regular one way rate plus $1.00, allowing holders to stop over at pleasure in Texas, within five days.

In order that Texas may equally derive the benefit of a reduced rate, tickets will be sold on June the 22nd, from all Points in Texas to the above named gateways at one half the regular one fare rate plus $1.00. This independent action of the M. K. & T. will be a great benefit to Texas, and appreciated by their numerous patrons.

Bethany Pointers.

Bethany, Texas, June 11, '94.
To The Democrat:

Since we have been called to keep up our corner of the paper, we will do the best we can with pleasure.

We were visited yesterday by a heavy rain and wind which did the oats a great deal of damage.

We notice that Gen. Green has been making a hard fight over about Calamity City and Altoga. He has a very large army as we have been fighting him with all the strength we could muster up. We believe we have him about whipped and with pickets posted we can stand him off.

The health here is not very good. Mrs. Gip Carpenter has been very sich at her father-in-law's, Mr. R. W. Carpenter, but is convalescent.

We learned to day that Bro. F. M. Collinsworth is very sick and not expected to live. We hope for him a speedy recovery as it would be a great loss to Collin county to lose as good a man as him.

Mrs. Gilbert is on the sick list this week.

Mr. and Mrs. J. R. Webb of Dallas was visiting friends here last week.

Prof. Trotter and Mr. Adams of McKinney gave us a pleasant call last Tuesday.

Rev. Falkner preached an excellent sermon here yesterday.

The Matthews & Carpenter gin will soon be done. They will have the finest gin in the county when it is finished. There is strong talk of running a train from here to Plano this fall to haul the cotton to market. (A train of wagons.)

Mr. E. G. Howard and family returned from the Indian Territory last week. They report having a good time hunting and fishing.

Altoga, Tex., June 11, 1894.
Editor Democrat:

Seeing our last report in your valuable paper, we were inspired to give you that which transpired in our little city.

An accident occurred to Rev. J. H. Vermillion and wife while returning from Stony Point church in a wagon. Their team became frightened and ran away, throwing them out. They were seriously hurt

Mrs. Bevil still remains seriously sick.

In spite of a democratic administration and a bursted government we will soon hear the shriek of two engines and the buzz of the saw and the rattle of the mill rock within our city limits.

Bicycling is the order of the day here.

Jas. Stephenson took a flying trip over to the hub Saturday on his wheel.

One of our merchants while riding his wheel up Reserve Avenue at the rate of 30 miles an hour, came to a sudden stop at the bridge on Muddy branch and like a lost soul he took a shot downward until no longer assisted by gravity, he came forth.

Mr. Rouse is all smiles Cause: a new 12 pound girl.

C., informs us that he will sell tickets from McKinney to Waco via Bremond for $5.90, for the round trip. Tickets on sale June 18 and 19. If you go via Bremond close connection will be made at that place. The M. K. & T. will give the same rate from Dallas. The south-bound M. K. & T. leaves Dallas at 6:50 p. m. and 6:50 a. m.

Convention convenes at Waco at 10 a. m., June 20.

Johnson School House.

Johnson S. H. June 13, 1894.

While reading your interesting paper and seeing reports from our neighboring communities and not seeing anything from our thriving neighborhood prompts me to let it be known that we are not slumbering, but live, energetic and a stirring people.

Crops in this community are looking unusually fine.

Farmers are looking forward to harvest with bright expectations.

Mr. Leonard Smith is on the sick list this week.

Miss Pattie Lowery who has been visiting her sister, Mrs. R. Matthews, intend leaving for her home in Chattanooga, Tenn., on the 19th. We regret to give Miss Pattie up but hope her a safe and pleasant journey.

Sunday school at this place is progressing nicely under the management of Mr. L. Cameron.

Quite a number of little people gathered at the residence of Mr. Luke Recer on the 12th inst in honor of littleJim's birthday. Various amusements were engaged in throughout the day, and the little folks left in the evening, wishing Jim many happy returns. Those present were Ora and Willie Moore, Rosa and Myrtie Recer, Sidney and Burnice Matthews, Bessie Carson, Lula Dunn, Hattie Aaron, Claud Alexander, Edith Fouts, Doll Wax and Jim Recer.

Death has again visited our midst and called with Him one of our young men Mr. Mack Jones, of Romeo, Tenn., who had only been in the state a short time, long enough, however, to have formed many friends. Death is always sad, but in this case what could be sadder? Just in the prime of life and away from home and mother. His bedside was attended by his brother and many sympathizing friends who did all they could, but in vain. The remains were interred in the Illinois graveyard.

Bound for Mexico.

Port Lavaca, Calhoun Co.
Tex., June 6, 1894.
Editor Democrat.

I left McKinney on the 17th of April. I landed on the gulf in Brazoria county on May 1st.

I had a very good time on my trip. I was in two big storms. I killed a fine buck in Montgomery county. I have been hunting and fishing. I Killed 9 alligators while I was in Matagorda county, and catched two fawns and would have killed some deer but it was against the law.

I have been in fourteen counties since I left McKinney. The crops look well in all parts of the country that I have seen except here. It has not rained here since last fall; there is no grass here and nothing raised. The stock is very poor. Times are very hard.

I have just got back from Longmont, from fishing. I went down on a sail-boat, it came up a storm and scared me out of a year's growth. There are twenty sail-boats lying here doing nothing.

I do not expect to stay here long, but shall work my way on to Mexico. I. N. Rogers.

$100 Reward, $100.

The reader of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure known to the the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly on the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address.

Dr. M. J. Davis is a prominent physician of Lewis, Cass county, Iowa, and has been actively engaged in the practice of medicine at that place for the past thirty-five years. On the 26th of May, while in Des Moines, en route to Chicago, he was suddenly taken with an attack of diarrhœa. Having sold Chamberlain's Colic, Cholera and Diarrhœa remedy for the past seventeen years and knowing its reliability, he procured a 25 cent bottle, two doses of which completely cured him. The excitement and change of water and diet incident to traveling often produce a diarrhœa. Every one should procure a bottle of this remedy before leaving home. For sale by R. E. Bristol.

In the Far West.

Cochran Co., Tex., June 4 '94.
Editor Democrat:

Failing to see any communication from West Texas for some time in your valuable paper, I thought I would give a little write up of the "Staked Plains and the adjacent country approaching from the east" Not being of a romantic mind nor a sentimental writer, my prelude will not be of a novelistic order, hence brief. I was born across the Mississippi river where timber was plenty and by looking on the north side of a tree you could always tell when you were going in the right direction, thereby never getting lost, yet like all other youths I conceived a rambling disposition and began to demonstrate my inclinations by leaving home and coming to Texas. Not being satisfied with the busy hum of city life, such as one comes in contact with at Dallas or Fort Worth, I concluded to follow the star of states. "westward, ho!" So without any previous thought and but a vague idea of the country, I plunged into the interior of West Texas. I went by the way of Colorado City, there took the stage and started north. I saw nothing of interest except an open prairie intermingled with hills, wasted lands, dog towns, and mesquite bushes. Now and then in turning the curves of the hills I would see some children but no houses. Yet I was more fortunate than some travelers. My driver was a genial, sociable fellow. He called my attention to some holes in the base of those hills and said there is where those children and their parents live, and when on top of the hills I could see smoke issuing from those dug outs, which reminded me very much of the "wild cat" country of Tennessee and Kentucky.

On, on we went until, in the misty haze of the western horizon, I thought I could see mountains, but it only proved to be the cap rock of the plains. So within nine miles of the plains, I cast my lot with the people. I found some as nice people as you find anywhere, while the majority are a rambling, gambling, whisky drinking class and unless you are "one of the boys," you are not in it. Not being inclined or educated to such a life, I began in to denounce it, consequence of which I was soon confronted with the little end of a six shooter or looking down the business part of a winchester in the hands of an excited adversary, because I was a tenderfoot and had spoken in denunciatory terms of the way they lived, so you see I was often in close places. Per chance one day an opportunity presented itself that I might go across the plains to the New Mexico line, so you may imagine how quick I went. The ascent to the plains being at this place very steep and rugged, we made rather slow progress. Finally our object attained, I stood and looked around every way, and could hardly realize that I was 2800 feet higher than the people of Collin county. Yet so high, we there saw the prettiest country in the state of Texas, so far as looks are concerned. You can look and look, until your sight ceases in endless space and you then stand and wonder why you can't see further. Not a hill nor tree nor anything to obstruct your view save now and then a dwelling or windbrake, you can travel there all day and never find a riding switch nor see a house or meet a person. Some people who are living in the interior of the plains have their wood hauled 85 miles. You fail to find the country as our school geography teaches us. It is only in places you find sand, the wind blows all the time, so the sand changes places as the wind changes.

You will find as good water there as anywhere. The X. I. T. ranch situated on the lands given by the state for the building of the capital has fine water in wells fitted with all the modern improvements for watering cattle and people.

The gentleman with me on this trip is an ex cowboy and knew the ropes. On going out we were lost for two nights and a day—the first night I failed to sleep any because the coyotes kept up a hideous howling which made me nervous and restless, while my companion (not friend) slept soundly. I was ready by early dawn to travel—we spent the day traveling, seeing nothing but wire fences, wind mills, cattle and coyotes. Just as the sun went down it began to rain, and it rained all night, for I was there; yet with the aid of a horse collar for a pillow I managed to sleep some.

Upon rising the next morning I discovered a ranch house about one-half mile away, and soon two hungry men were making for that house, there we eat a hearty breakfast, cooked with surface coal, and if you ever saw hungry people dispose of victuals in short order we did.

That evening we arrived at our destination, and was very nicely treated. The lady of the house had lived there for 3 years, during which time she had never seen a woman.

Well, Mr. Editor, for fear the contents of this article will weary you and be of no interest to the readers I will close, by saying if this evades the waste basket, I will return home soon and will then give your readers some more ideas about West Texas.

I am Respt'y yours and a live Texan. UMBRA.

TWO PUSSY CATS.

1. THE PET CAT.

Dainty little ball of fur, sleek and round and fat,
Yawning through the lazy hours, some one's household cat,
Lying on a bed of down, decked in ribbons, gay;
What a pleasnt life you lead, whether night or day.
Dining like an epicure, from a costly dish,
Served with what you like the best, chicken, meat or fish.
Purring at an outstreched hand, knowing but caresses;
Half the comforts of your life, pussy, no one guesses
Romping through the house at will, racing down the hall,
Full of pretty, playful pranks, loved and praised by all,
Wandering from room to room to find the choicest spot;
Favored little household puss, happy is your lot.
Sleeping on my lady's lap, or dozing by the grate,
Fed with catnip tea if ill, what a lucky fate!
Loved in life and mourned in death, and stuffed may be at that,
And kept up on the mantelshelf—dear pet cat.

2. THE TRAMP CAT.

Poor little beggar cat, hollowed-eyed and guant,
Creeping down the alleyway, like a ghost of want,
Kicked and beat by thoughtless boys, bent on cruel play;
What a sorry life you lead, whether night or day.
Hunting after crusts and crumbs, knawing meatless bones
Trembling at a human foot, fearing bricks and stones.
Shrinking at an outstretched hand, knowing only blows;
Wretched little begger cat,, born to suffer woes.
Stealing to an open door, craving food and heat.
Frightened off with angry cries, and broomed into the street;
Tortured, teased, and chased by dogs, through the lonely night:
Homeless little beggar cat, sorry is your plight.
Sleeping anywhere you can, in the rain and snow,
Waking in the cold, gray dawn, wondering where to go;
Dying in the street at last, starved to death at that;
Picked up by the scavenger—poor tramp cat.
